

DEBRE BIRHAN UNIVERSITY

College of Social Science and Humanities

Mid-exam on the Course: Critical thinking and logic

Time allowed 30 min. from 15%

Name _____ Id _____ Signature _____ section _____

Direction I: Say True for the correct statements and False for incorrect statements (5pts)

1. Due to that language is an imperative instrument of sound argument the soundness of argument could be affected by the clarity or vagueness of language.
2. Structural principle of intellectual discussion deals with the soundness of argument and the proper structural relationship between premise and conclusion.
3. Unlike philosophy, linguistic asks the questions such as "what is language? what is meaning and so on."
4. It is impossible to distinguish the concept of "Philosophy of language" from the study of Linguistic.
5. Unstructured argument is manifested by the incompatibility of premises and conclusion.

Direction II: Choose the best answer for the following questions (4.5 marks)

6. One of the followings principles has slight difference from others. A. The Charity principle
B. The fallibility principle C. Clarity principle D. The rebuttal principle
7. Participant in argument obligated to produce reasons on behalf of his/her position or claim. This refers to _____ A. the principle of charity B. the burden of proof principle C. The fallibility principle D. the principle of clarity
8. The state of being critical is not related to _____ A. Disciplined thinking B. Making knowledge through thorough investigation and evaluation of idea and information burden of proof principle C. Premature decision based on exclusive information D. none

Part III: Match the term with the given alternative in the right column (3pts)

- | | |
|--------------------------|--|
| 25. Ambiguous expression | A. definition exemplified by dictionary definition |
| 26. Lexical definition | B. Appellative |
| 27. Common noun | C. expression permits multiple interpretations |
| | D. Vague expression |

Direction IV: Put the right answers to the following questions (3 pts)

1. What are the relationship between language and logic
2. Why the sufficient principle of critical thinking better persuasive power than the principle of acceptability?

22. A technique of definition that can be applied to produce all types of definitions is:
- A. Demonstrative ✓
 B. Definition by genus and difference ✓
 C. Definition by sub-class ✓
 D. Enumerative ✓
 E. None of the above ✓

Part III: Matching items (1 pt. each)

Match column "A" with alternatives under column "B"

A	B
1. Prediction	A. Depends on the similarity that exists between two entities
2. Causal inference	B. Arithmetic/ geometric principles
3. An argument based on analogy	C. A is either B or C. A is B. So, A is not C.
4. Disjunctive syllogism	D. Proceeds from knowledge of the past to a claim about the future.
5. An argument based on mathematics	E. Proceeds from a knowledge of an effect to knowledge about the cause
	F. Based on statistics.

Part IV- Short answer questions (1 point each)

Determine the specific techniques used in the following definitions (1 pt. each)

- "Queen" means a female monarch.
The technique used in this definition is Definition by difference ✓
- "Job" means occupation.
The technique used in this definition is Definition by genus and difference ✓
- "Religion" means Hinduism, Christianity, Judaism, Buddhism, Islam, and the like.
The technique used in this definition is Enumerative ✓
- "Marriage" means an institutionalized slavery of women by men.
The definition type is Functional ✓
- "Selfie" means a picture taken by one self.
The definition type is Functional ✓

13. Most Ethiopian University students are seriously concerned about employment opportunities. Rahma is a University Student. Therefore, Rahma is seriously concerned about employment opportunities: This argument is:

- A. Valid Deductive argument
B. Weak inductive argument
C. Invalid Deductive argument
D. Strong inductive argument

14. One of the following is correct regarding a sound deductive argument:

- A. A valid deductive argument plus all true premises. ✓
B. Strong inductive argument plus all true premises. ✗
C. It is not necessary that the content of the premises be true.
D. None of the above

Valid + true premises = sound

15. One of the following is a type of syllogism that uses a conditional statement for one or both of its premises.

- A. Hypothetical syllogism
B. Causal inference
C. Categorical syllogism
D. Prediction

→ witness

Sii
If → Hypothetical
Both → Dis
Case → All / All

16. Ethiopia is the greatest country in the world because my father told me so. The form of argumentation that this argument uses is:

- A. An argument based on signs
B. Argument from authority
C. Argument from definition
D. Prediction

17. My son Tesfaye is the same age as your son Abraham and they both entered school at the same time. Tesfaye is now in Grade 8. Therefore, probably your son Abraham is also in Grade 8. The form of argumentation that this argument uses is:

- A. Causal inference
B. Disjunctive syllogism ✗
C. Argument based on Definition ✗
D. An argument based on analogy ✗

18. "Short" means a person who is less than 1.5 meters.

- A. Stipulative definition
B. Lexical Definition
C. Précising Definition
D. Persuasive definition

19. A stipulative definition is not explained by one of the following statements:

- A. It cannot be evaluated as 'true' or false. ✓
B. Formed by coining a new word. ✓
C. Useful to report a meaning a word already has in a language.
D. Serves to provide a new meaning to an old word. ✓

Vo
Alph
Bb

20. "Dragon, Big Dragon, Big brown Dragon, Big brown scary Dragon" this arrangement of terms is _____

- A. Increasing Intension ✗
B. Empty Extension
C. A and B
D. Decreasing Extension ✗
E. A and C

21. "Plus" means this $\odot +$. The technique used in this definition is:

- A. Subclass
B. Enumerative
C. Demonstrative
D. Etymology

same

Intension, Ext.

Dragon → Big → BBD → BBSD
